- Significantly evened skin tone after four weeks of use.
- Significantly reduced redness due to irritation after four weeks of use.
- Helped soothe grazes, nicks and cuts after shaving after four weeks of use.

WHAT MAKES THIS PRODUCT SPECIAL?

WHO IS IT FOR?

- Uth® products are designed for people who desire daily hydration to soothe and protect their skin.

WHAT MAKES IT UNIQUE?

- Because Emprizone is fragrance free and rich in Aloe vera gel, it is ideal for soothing irritated skin that could be caused by the sun on a summer day at the beach, the wind on winter day after hitting the slopes, or waxing after a day at the spa.

TOP FAQ:

1. What makes Emprizone gel unique?

A water-based gel, enriched with Aloe vera gel extract, vitamin E and A, hydrates and soothes skin while creating a protective barrier. This unique formula is ideal for after sun exposure, after waxing, sensitive skin and dry, irritated skin.

2. Can I use Emprizone gel on my face and body?

Emprizone can be used on any part of the skin that needs hydration or alleviation of roughness due to dry skin. For external use only. Do not put in eyes or on open wounds.

3. Why was Aloe barbadensis leaf extract chosen for the Emprizone?

Aloe vera gel has been used for centuries to condition, protect and promote healing of irritated skin. It naturally provides a soothing, cool-like sensation as it's applied.

4. Why are Glyconutrients[†] important for skincare products?

In skincare, similar to ingesting supplements, Glyconutrients help optimize the results of each product. They absorb down into the deepest layers of skin, providing hydration and nourishment your skin needs.

DIRECTIONS: Apply at least once daily to face, hands or other desired areas. For external use only. Do not put in eyes or on open wounds.

[†]Glyconutrients are beneficial saccharides found in nature.

[‡]Results and timing vary. It is recommended to use product for eight weeks for optimal results.

Emprizone gel
